CURED HAY FEVER AND SUMMER COLD.

A. S. Naubaum, Batesville Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success."

The loss by fire of the Greenbaum distillery and warehouses, with other property at Midway will be near 1,000,000. The Greenbaums who operated the distillery it is said are covered by insurance. The big losses will come from outside persons who had whisky stored in the warehouses. Many of these no insurance.

WHY JAMES LEE GOT WELL.

Everybody in Zadesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Chas. C. Davis' drug store, 50c. and \$1.00. Trial bottle free.

EXCELLENT HEALTH ADVICE.

Mrs. M. M. Bureau of Soils, U. S. Department of Agriculture, announces that, under the new and limited appropriation for soil surveys, made the last congress, it will be impossible to undertake any considerable amount of new work during the ensuing two years; that in the state of Kentucky only one new county will be taken up and that county is Rockcastle. Our county owes this important distinction and probable benefit to the Hon. Harvey Helm, congressman from this district, when the subject of this appropriation was broached last spring, Mr. Helm went to the chief of the Bureau of Soils and got his promise that if any new work was done in Kentucky, a part of it should be in his district. The Chief has kept his promise, and announces that the beginning of the soil survey of Rockcastle will be on April 1st, next. When he found that he as well as the state was limited to one county, Mr. Helm chose Rockcastle for the reason that its topography made its survey more interesting, more likely of good results, and more
